ABOUT ME

I am a passionate and creative individual, driven by a desire for growth and self-discovery. After matriculating in 2022, I took a gap year to explore my interests, studying fashion design in 2023. My curiosity led me to reflect on my true goals. Now, as a Software Development student at Life Choices Academy, Keira is committed to unlocking her full potential. She is known for her energy, kindness, and determination, making a positive impact on both her personal and professional communities.

EDUCATION

Spine Road High School *2018 – 2022*

School of Fashion *2023*

In 2023, I completed four fashion courses in pattern making and sewing, gaining expertise in creating custom patterns and bringing designs to life through skilled sewing techniques.
